

# RS4500 Social Network Analysis - Lab 1

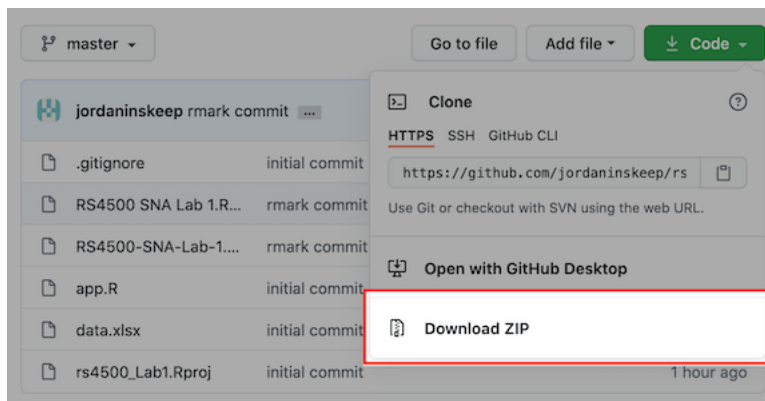

## Pre-Lab

### 1. Install R and RStudio

- Click the link and follow the instructions to install R and RStudio.
  - [rstudio-education.github.io/hopr/starting.html](https://rstudio-education.github.io/hopr/starting.html)
  - Open a new session and get familiar with interface.

### 2. Download and open App for Lab 1

- Download a .zip archive file for the Lab 1 files from my Github
  - Go to the link at [github.com/jordaninskeep/rs4500\\_Lab1](https://github.com/jordaninskeep/rs4500_Lab1)
  - Click the “Code” dropdown then select “Download Zip.”

- Save this in a folder for your RS4500 Labs.
- Unzip this archive and open “rs4500\_Lab1.Rproj”
